

**STIRLING COMMUNITY  
HOSPITAL  
MINOR INJURIES UNIT  
IS MOVING**

The Minor Injury Unit (MIU) [what used to be A&E], is opening on

**Friday 27th. January at 9am**

in its new home in the

**Lower ground floor of the Maternity  
Block.**

Please let as many people as possible know about this, remembering that there will be NO way through the current main entrance to the new unit – you have to go back out on to Liviland Road, turn left and enter at the next gate into the hospital grounds, [where the road turns right to go back to the main road].

**The GP out of Hours Service will open  
beside the MIU at 5.30pm on Thursday  
26th. January**

and this will be its new home for the foreseeable future.
